In partnership with Breast Oasis, a non-profit charitable organization dedicated to providing underprivileged women with essentials, Marina Plastic Surgery is collecting bras for a very worthwhile cause. WHY BRAS? Many women in our community have a tough time affording basic needs. You can support these women, simply by donating new or gently used bras. Just go through your closet and set aside a few of your gently used bras that you haven't worn in a while, or even stop by the store and purchase a new one for donation. You can drop them off at our office or mail them to us. Come partner with us, and make a difference!

What's On The Menu?

Today, plastic surgery advancements have allowed for virtually any enhancement to become a reality. Typically, even minor improvements such as softening facial wrinkles, can lift our spirits and improve our appearance. Others may desire a more extreme makeover, and want a whole new look. We encourage you to ask us "What's on our menu?" so that we can serve you a plate of delicious dreams!

Prolonged exposure to the skin will lead to premature aging of the skin, wrinkles, discoloration, and even skin cancer. A good sunscreen to protect your skin from the ultraviolet rays is a must! We offer a wide range of sunscreens that are made of the finest medical-grade ingredients. Don't be seen without sunscreen. Try ours! Other products pale by comparison.

WHY USE SUNSCREEN?
