Be Beautiful For Life!

LIVE, LAUGH & LOVE!

Our feelings about ourselves determine how we perceive life. At times we may have poor body image due to physical concerns. So why not let us help?! When we feel better about ourselves, we perform better in all aspects of our lives, both at home and at work. Studies prove that people are more successful when they take care of themselves, look their best, and nurture their souls. Let us help you achieve these goals, and maintain self-confidence through beauty! It's time to LIVE, LAUGH and LOVE ... starting with yourself!

Ever notice how a good-hair-day gives you an extra spring in your step? Or how it seems to make you look and feel better than ever? That's because hair frames us...literally! Our face is the canvas, and our hair is the frame. Thick voluminous hair leaves us feeling sexy and confident, whether you're a man or a woman!

Neograft is the least invasive hair transplant solution available today, and can turn your mane-image into a masterpiece!

HOLIDAY STORY

We all wish to look our best, especially during the holidays. This is a storybook time of year, illustrated with fabulous photos and magical moments. However, we often face the cameras with hesitation, due to poor self-image. Many people find themselves wanting a fresher, more youthful appearance to document those Kodachrome memories! We can help! While aging is inevitable, facial surgery can certainly slow down the aging process. Men and women seek these cosmetic improvements at an earlier age than in the past, to ensure a more natural result and an easier recovery period. CALL NOW, schedule a consultation...and write your own happy ending to THIS story!

Our philosophy is:
Patients For Life™
 ... Because our clients stay with us forever!

Aesthetic & Clinical Comprehensive Skin Care Non Surgical Rejuvenation!

DANCING THE NIGHT AWAY

For many of us, our New Year's Resolution will be centered on making changes in ourselves for overall improvement and more meaningful lives. This "To-Do list" typically starts with physical improvements to attain a happier and healthier life. Let us be of help! We have expanded our services to include fully equipped Body Contouring Rooms dedicated to non-surgical Body Slimming and Shaping! Men and women are benefiting from this easy body toning. We offer everything you need to look super fit and sexy without having surgery. We promise you will feel extra hot on the dance floor AND in -and out of- your party clothes!

We Can Impress Every Inch of Your Body's Skin!

MICRO-PEN MAGIC

Try this new treatment for fine lines, acne scars, wrinkles and overall skin improvement!
 "I have noticed a big difference in the fine lines around my mouth, on the sides of my face, and eye area. My skin is much firmer! I also treated my daughter's stretch marks with the Micro Pen...WOW! Her stretch marks are GONE!"

~Ann Yacullo, Master Medical Aesthetician

Our medical grade skin-care products make an incredible difference that you can see and feel! Give our products 30 days, and you'll check out some seriously sobering results! Studies show that those who invest in consistent skin care treatments actually slow down the aging process!

In a new European study, researchers found that plastic surgery patients generally report a boost in self-confidence and enjoyment of life. Clinical Psychological Science published a report stating that plastic surgery patients say they feel better about themselves after surgery, and that had increased feelings of happiness. Researchers checked a group of first-time plastic surgery patients at regular intervals after their surgery, and found they had higher self-confidence overall.

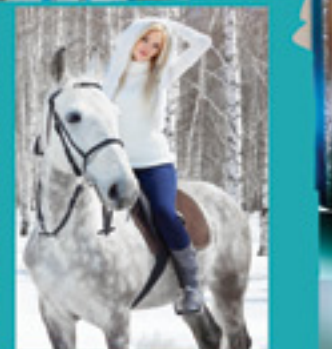

Mastering Men's Skincare!

Men make up a large portion of our practice. Whether you desire facial or body improvement, we have the procedure for you. Even Dr. Grant Stevens makes a great patient. Follow along and read about each treatment he has on Facebook, or follow along on Twitter. You won't want to miss out on how the doctor becomes a patient of his own practice!

Prolonged Sun Exposure

will lead to premature aging of the skin... not to mention wrinkles, discoloration, and even skin cancer. A good sunscreen to protect your skin from the ultraviolet rays is a must! Basal Cell is the most common kind of skin cancer, and the one directly related to cumulative effects of exposure to sunlight. These unsightly lesions can even appear up to 20 years after overexposure to sunlight. That is why we urge constant protection from the sun. Don't be seen without sunscreen. Sunscreen is needed even in the winter, so trust in ours all year long!
